Director

Innovation beyond MEASURE

At UT Southwestern Medical Center, we transform lives and careers through the convergence of world-class medical education, medical research and patient care. It is this unique environment that allows us to stay at the forefront of medical discovery. Our dynamic team embraces innovation to improve outcomes for even the most challenging cases. Leave your mark on the medical profession at UT Southwestern.

Director of Laboratory Services

The Director of Laboratory Services oversees the planning and coordination of business operations, as well as long and short term objectives for hospitals and outpatient services. The ideal candidate will have a track record of fostering cohesive work environments and achieving patient/customer service goals, in addition to a strong clinical, academic background and will also be in tune with the changing healthcare industry. Requires 10 years of director-level management experience and MT (ASCP) certification; an MHA or MBA is preferred.

Please email resume and cover letter to

DANNER LABORATORY, INC

CYTOLOGY OUTSOURCE SPECIALISTS

Need help screening your cytology?

- Tech shortage
- Vacation coverage
- Reduce employee expenses

Never worry about short staffing or excessive workload again. Consider outsourcing your Cytology to Danner Lab.

We are a full service Pathology Laboratory offering ThinPrep, SurePath, and Digene HPV, CT/GC testing from liquid based Pap vials.

We offer quality conventional, ThinPrep and SurePath slide screening, using your forms, your codes, your standards and on your timetable. We act as an extension of your laboratory.

Consider outsourcing your cytology to a top quality, fully licensed laboratory.
